

## 2024 Aquatic Invasive Species Treatment Waiver Form

The Lake Minnetonka Association will be treating to control curlyleaf pondweed, flowering rush, and Eurasian watermilfoil (all are non-native, invasive species) in select bays in Lake Minnetonka.

With regard to the treatment:

The proposed timing for treatment: April-September.  
The target species for the treatment: Curlyleaf pondweed, flowering rush, and Eurasian watermilfoil.  
The method of control or product used: EPA and MnDNR approved herbicides will be used in invested areas and applied at or less than the approved application rates.

If you do NOT want treatment to occur adjacent to your property, please fill out the form below and mail it to the address below or e-mail to: [info@LMAssociation.org](mailto:info@LMAssociation.org)

Lake Minnetonka Association  
P.O. Box 248  
Excelsior, Minnesota 55331
